PRESIDENT'S REPORT

The first year of the Club proved to be one exceeding our expectations.

The mediocre response during the advertising stage soon accelerated when we decided to take the plunge and go ahead. Within a few weeks our membership grew to over 40 and at conclusion of the Summer Season a total of 59 athletes and 2 officials were registered. We conducted regular Saturday afternoon meetings, with a twelve event programme spread over two weeks, with men and women competing separately. After four meetings handicaps were applied to track and field performances and we feel this kept the attendance high right to the close of the season, as well as improving performances.

Most of our members are High School students and although we entered into Interclub competition, it became evident mid-way through the summer that their main interest was Saturday afternoon sport close to home.

Ten athletes contested the State Age Championships and although rain prevented a few from completing several events, four were successful in winning between them 8 Gold Medals and 1 Silver. The Club is proud to have those members' achievements in our inaugural year and I extend congratulations to you all.

We are most grateful to Girraween Little Athletics for use of their equipment and canteen, and assisting in training during the season. We look forward to a continuing association in the years ahead.

Parent assistance has been one of enthusiasm making the Club's first year a success.

Although our Executive Committee consisted of only 3, we were able to manage the Club successfully. My thanks and appreciation to Jim and Lex for the fine work done, in Committee matters, handicapping and programming, involving considerable time and perseverance.

JOHN WHEELER,
PRESIDENT.

TREASURER'S REPORT

With regard to the financial statements and summary attached, it should be noted that our liquidity situation has held up only with the kind assistance given by our President, Mr. John Wheeler.

John financed the purchases of our Club athletic singlets and T-shirts on the basis of repayment when and as I felt the Club could afford to do so. I am sure that all Club members will join me in thanking John for the invaluable assistance given by way of financing the purchase of our Club singlets and T-shirts.

As you will notice after deducting the balance owing on the loan account from our bank balance, we are left with \$3.70 and with bank charges due shortly this may be reduced to a nil balance. However, this does not mean that the Club is financially embarrassed as we are holding stocks of Club singlets and T-shirts shown in section "C" at a sale price value totalling \$324.00.

The sale of Club singlets (32) and T-shirts (4) was a little disappointing as I feel that more support could have been given by members and I trust that all members who do not have a Club singlet will purchase one on re-registration next season.

Overall, a wonderful start for our new Club and with a lot of help from all the people involved we have had in my opinion a very good and successful season.

Hoping to see you all again (with your friends) next season,

JIM KENDALL,
TREASURER.
