

## **West Met 13 Greystanes 25-7-15**

Last Saturday saw large numbers of Girraween athletes contesting the fast Greystanes course across the three West Met distances on a beautiful afternoon for running. There were a number of eye-catching performances across the board.

Ed Bratovic was the first Girraween runner across the line in the 2km event with a great sub eight minute run. Steve Clark, Nathan Moffitt, Claudio Corvalan and Greg Saregant were not far behind, with a series of strong performances between them. This event also had the second highest number of Girraween athletes competing in a West Met race to-date in 2015, after the Anzac Day 2km event at Rydalmere.

The middle distance event saw Geoff Sheargold speed around to the course as he led the Girraween contingent home. Geoff is in fine form at the moment and Saturday's run showed this. David Perry return to form continues to gather pace as he ran very consistently. Stephen Parkins is another whose form of late has been striking and he continues to be amongst the top three or four Girraween runners each week in the middle distance event. Robyn Smith is another who showed very consistent form on Saturday running the same time in both the 2km and 4km event, a rare statistical anomaly. Well done Robyn.

Rod Zammit led the way home for Girraween in the 8km event with another strong run. Clive Kidson and Danny Martins also ran excellently, both breaking the forty minute mark. All our athletes ran consistently.

Many thanks to our volunteers who assisted last Saturday, your help as normal is highly valued. Thank you. Results follow:
